

TOP REASONS WHY

RANCE
ALUMINUM TRAILERS

1 Aluminum Frame = Fuel Savings & Increased Payload Capacity
Aluminum Frames weigh considerably less than steel frames. This results in better fuel mileage and greater payload capacity.

2 4" Top Trim with Built in Drip Rail
Standard on ALL Rance Renegade models helping to redirect water away from the sides of the trailer to reduce streaks on exterior metal.

3 3 Diode LED Exterior Lights
Standard on ALL Rance Renegade models, LED lights draw less power from your vehicle's battery, have longer life expectancy, and shine much brighter.

4 1-pc. Aluminum Roof
Our standard one piece Aluminum roof is wrapped completely over the edge to provide superior leak protection.

5 Aluminum Bar Locks
Aluminum bar locks are standard on ALL Rance Renegade models and come standard with grease points to increase longevity.

6 Nitrogen Filled Tires & Roadside Assistance
Nitrogen filled tires run cooler leading to increased tire life. Roadside Assistance is included on all Rance models, giving you peace of mind for the road ahead.

7 Ramp Door Bulb Seal Trim
Our rubber, automotive style bulb seal is integrated directly into the aluminum trim offering better protection and longer life than industry standard foam tape.

8 Lippert Axles
Lippert Axles has been a top manufacturer of axles in the towable market for many years, and through their vast array of axle options and top-notch customer service, we are excited to offer them on our trailers.

9 Aluminum Rims with Radial Tires
Standard on ALL Rance Renegade models, Radial Tires reduce road noise and improve heat dissipation resulting in extended tread life.

10 Superior Craftsmanship
Rance Aluminum ONLY builds aluminum framed trailers. We use quality components and a workforce with over 25 years of aluminum manufacturing experience to build great, quality trailers.
